

Fortiflex (9100-21)

The Dremel Fortiflex is a high quality precision tool, consisting of a powerful hanging motor (300W), a patented heavy duty flexible shaft, an exchangeable precision hand piece and a foot pedal for variable speed control (0-20.000rpm).

This makes it the ideal tool for stationary projects, like woodworking, jewellery making, stone working, car restoration, or any project where a combination of power and precision is required.

The Dremel Fortiflex: power meets precision.
