

P20SF Planer free dust bag and adaptor

Powerful 620W producing a no load speed of 17000rpm providing a 82mm cutting width, 2.6mm max cutting depth & 9mm rebating depth.

Cutting depth is easily adjusted by the simple to use control knob. Stand prevents contact between the blade and work piece resulting in less damage to both tool & work surface.

Convenient cord holder, soft grip handle & lightweight 2.5kg design make it comfortable to use.
