

Moldex 2365 Classic Dust Mask FFP1

**** Due to unprecedented levels of demand we are not currently able to guarantee lead times on dust masks. ***

If your order is urgent please contact us prior to ordering to confirm availability.

Orders placed with us will be fulfilled on a first come first served basis as stock becomes available. *

Proven shape and durable FFP Mask suitable for protection against fine dusts, water and oil based mists/aerosols. Provides a protection suitable for up to 4 times the Workplace Exposure Limit. Includes Ventex®-valve that opens at low exhalation pressure and significantly reduces moisture and heat inside the mask.

The Moldex Classic Series FFP-masks meet the requirements of EN 149:2001+ A1:2009 and are CE-marked in accordance with the requirements of European Directive 89/686/EEC. The IFA (0121) Germany is responsible for both type examination (Article 10) and monitoring of production (Article 11B). The products are manufactured in an ISO 9001 certified plant.
