

Festool TS55 R Circular Plunge Saw

Festool have taken the TS55 and improved still further on the design. This new saw now sets even higher standards.

- Maximum flexibility thanks to flat housing for minimum wall distance
- Even more precise thanks to angle setting with snap-in points and indentation (-1° and/or 47°)
- Guide wedge for safer work and simple positioning in existing joint
- Good view of scribe line and saw blade thanks to the new flush and moveable viewing window
- Improved dust extraction thanks to the new shape of the extraction duct
- Simpler operation with the double cutting depth scale (with/without guide rail)
- More benefits: splinterguard, FastFix, play adjustment without the need for tools, quick brake, etc.
