

ESD Ultra Slim Magnifying Lamp - Black

The Daylight ESD Magnifying Lamp provides full protection against static electricity and electrostatic discharge (ESD).

The COMPLETE lamp (Head, Lens, Joint & Arm) is grounded and has special static dissipative materials to smoothly take away static charges in a controlled manner, preventing any build up of static electricity which gives complete protection against ESD events. With bright 28w Daylight™ light and the unique 17.5cm/7" precision optical white glass lens, this lamp combines the latest innovations in lighting design. The Daylight™ energy saving tube ensures that you have plenty of comfortable daylight light to work with. The lamp includes an electronic ballast so you can work longer in comfortable light and it has our Quick Lens Swap System™ so you can increase the magnification in seconds without any tools.
