

Positive Placement nailer for square twist nails

The first and best gas positive placement nailer on the market, the PPN35Ci makes light work of fixing joist hangers, truss clips, connector plates and strapping in even tight spaces.

Over three times faster than using a hammer and nails, this revolutionary tool can pay for itself in just six working days based on the reduced labour required on site.

Applications:

Joist Hangers
Sole Brackets
Connector Plates
Truss Clips
Strapping
Z-Clips
