

Record Bench Bobbin / Spindle Sander

*** DUE TO WEIGHT THERE IS A HEAVY ITEM SHIPPING CHARGE ON THIS PRODUCT ***

This robust and versatile machine is particularly useful for tight curves and sweeping contours, allowing beautiful, crisp results to be achieved with ease.

The machine is supplied with two bobbins and corresponding table inserts and a range of additional sizes are also available to purchase.

The BBS1 allows a wide array of shaping tasks to be accomplished, from intricate craft projects to larger work on cabinets, chairs and more.

In addition, the powerful and quiet 1/2 hp induction motor ensures larger timbers can be handled effectively and easily. The finely ground cast iron surface allows easy movement of the timber whilst providing extremely solid support.

This machine's build quality, features and versatility makes it an essential tool for almost any workshop.
