

# Japanese Nail Puller

A high standard tool, forged from the best quality tool steel.

At one end is an 'in line' claw, at the other a claw at right angles to the shaft, for those stubborn little tacks.

The flat behind the claw can be tapped with a hammer to drive the claw under the nail head.

## Price

160mm (Product reference 3751-8301)	£13.51
200mm (Product reference 3751-8302)	£14.32
