

10.8V Drill & 10.8V Impact driver twin kit KC10DFL2

Two machines in one kit.

Includes the DS10DFL2 drill/driver and WH10DFL2 impact driver. Both powerful, both low in weight, both comfortable in use.

The kit includes two 10.8v lithium ion 1.5AH batteries and charger, and is supplied in a tough plastic clip-lock system case with interlocking feature.

DS10DFL2 drill / driver

Automatic trigger operated LED spotlight
10mm keyless chuck
Variable speed motor
Two speed gearbox
21 stage torque setting
High torque of 22Nm (hard)
Soft grip handle

Capacity - Wood/Metal: 21/10mm
Machine Screw: 6mm
Wood Screw: 6mm
Charging Time - 40 minutes
Chuck Capacity - 10mm
Max Torque - 22Nm
No-Load Speed - 0-300/1300min
Overall Length - 188mm
Weight - 1.0kg

WH10DFL2 Impact driver

Drills into wood, metal and concrete
Tightens and loosens small screws, tapping screws, bolts and nuts
Impressively lightweight at only 1kg and compact
Faster impact driving with a no-load speed of up to 2,500 RPM and a 3,000 BPM impact rate
LED light effectively illuminates dark work areas
Optimized handle dimensions for a secure grip and ergonomic comfort in all hand sizes
Quick change 6.35mm hex chuck for simple bit replacements
Responsive variable speed trigger for precise control during intricate operations
Balanced tool weight for proper wrist alignment and reduced fatigue

Capacity - Small bolt M4-M8, Bolt: M5-M12, HT Bolt: M5-M10
Charging Time - 40 Minutes
Drive - 6.35mm Hex
Max Torque - 105Nm
No-Load Speed - 0-2300/min
Overall Length - 139mm

Voltage - 10.8V

Weight - 0.9kg

Comes with:

Carry Case 2 x 1.5Ah Li-Ion batteries UC10SFL 40 minute charger
