

Gate Handle And Latch Fb571 =

MARCUS BLACK IRON GATE LATCH AND HANDLE FB571

Decorative black iron gate handle and latch that is part of the latest smooth, black iron range of external hardware from M. Marcus, perfect for creating a unified look to your front door.

To meet modern design preferences M. Marcus have removed the deep surface indentations found in traditional black ironmongery. Leaving only the natural surface grains to create a rustic yet smoother contemporary appearance. These black iron gate latches will complement traditional solid wooden doors or light coloured door fronts. Through use and time, the metal will not be effected by the elements due to quality and production process.

The smooth black gate latch and handles in this collection are made from malleable iron, treated with zinc phosphating process and then powder coated that has unique UV protection added to the coating process making these gate latches a great choice for external use.

Supplied in SINGLES complete with fixings.
