MARCUS BLACK IRON ROUND CUPBOARD KNOB FB3880

Simple round black iron cupboard knob that is part of the latest smooth, black iron range of external hardware from M. Marcus, perfect for creating a unified look in your home.

To meet modern design preferences M. Marcus have removed the deep surface indentations found in traditional black ironmongery. Leaving only the natural surface grains to create a rustic yet smoother contemporary appearance. These black iron cabinet knobs will complement traditional solid wooden or light coloured doors. Through use and time, the metal will not be affected by the elements due to quality and production process.

The smooth black cupboard knobs in this collection are made from malleable iron, treated with zinc phosphating process and then powder coated that has unique UV protection added to the coating process to maintain the black colour and prevent fading.

Supplied in SINGLES complete with fixings. Dimensions:

Knob: 32mm Projection: 24mm

Knob: 38mm Projection: 24mm
