

Ambassador range - Fused connection units. Primed white.

The Primed white finish allows these to be painted or papered to match walls and surroundings.

It is recommended that they are painted prior to installation to avoid paint run marks.

Please note: these ranges require a MINIMUM 35mm depth metal back box and are secondary fix.

** These items are MADE TO ORDER from component parts. If your order is urgent please contact us to clarify lead-in times. As they are made to order according to your selected options, any returns will incur a 30% re-stocking charge **

Bespoke switch arrangements are possible to order, please contact us with your requirements.
