

# Defender 1.0 METAL Split load consumer units

Designed to be fully compliant with the Wiring Regulations BS7671 including Amendment 3 requirement for non-combustible enclosure.

- \* Up to 22 module board as standard. Combine boards to increase number of outgoing ways
- \* Maximum cable space and extensive number of cable entry points for easy installation.
- \* London Underground approved low smoke and fume paint on enclosure
- \* Comprehensive user instructions and high quality sub circuit identification labels
- \* Degree of protection IP4X
- \* Tested in accordance to BS EN 61439-3
- \* Optional surge protection available
- \* Flexible board configuration to enable optimal combination of RCD, MCB and RCBO use
- \* Pre-Populated configurations are available
- \* Secure hinge design

Locking kits available

Please note that the unit is supplied WITHOUT a lock, although there is a cut out to fit one. A blanking plug is supplied as standard. If a locking kit is required it must be purchased separately.
