

Atlanta Lever On a Rose - Satin stainless steel

FRELAN ATLANTA DOOR HANDLE J412

The Atlanta door handle has a simple straight lever and a slim 8mm thick round rose.

Available in satin or polished stainless steel, making this stainless steel door handle perfect for modern interior design in both residential and commercial settings.

Part of Frelan Hardware's stainless steel furniture range, these door handles on rose have a 52mm rose, are made using grade 304 stainless steel and are tested to 200,000 cycles to ensure durability, suitable for high frequency of use, i.e. in busy office buildings.

This stainless steel door handle on rose has a matching turn and release or key hole escutcheon available, please see the related products below. Internal doors need the standard lever set, locking doors need the lever set with escutcheons. For bathroom doors, opt for the turn and release or the disabled turn and release.

Supplied in PAIRS complete with fixings.

.
