Finger plate - 460x75mm - Satin Chrome

A long, smooth rectangular-shaped fingerplate to match Frelan Hardwares Blenheim and Chatsworth pull handles, with six points for easy fixing.
Finger plates are commonly used on the other side of the door to a pull handle, or used separately with levers or knobs to protect the door from finger marks. Matching door handles on rose or backplate are available from quality manufacturer Frelan Hardware.

Supplied in SINGLES complete with fixings.
