Additional information

We have used many years of our skill and experience to offer you something unique, hand-crafted and what is a modern day piece of artwork.

These 'Tuscan' latches are beautifully crafted with the pointed top and bottom of the handle evoking the feeling of 'Gothic' architecture & style.

The thumb piece passes through the door and raises the latch bar off the keep. To restrict the latch bar movement a staple pin and a screw-on staple pin are provided (discard unused pin or find another use around the home).

Thumb bar size allows for use on doors with a maximum thickness of 80mm.

Sold as a set and supplied with necessary fixing screws.

If you require locking your toilet or bathroom door the locking staple pin or the locking screw-on staple pin is the answer. They have a leather thong with a pin to stop the movement of the latch bar.
