

Woodsurfer bowl rest

The NOVA Woodsurfer Bowl Rest is a unique curved toolrest to make bowl turning easier.

Excellent when turning large bowls, the Woodsurfer has a 1 1/2" shank for a super strong platform and is manufactured from solid cast iron for maximum strength.

Fits all NOVA lathes (excluding the NOVA 46000 Comet II Midi Lathe) and suitable for most lathes with a 1 1/2" toolpost fitting.

(*** Check with your lathe manual or lathe supplier for details of your lathe if unsure. ***)

Special curved design makes bowl turning easier – great for larger bowls

Solid cast iron for maximum strength

Solid 1 1/2" shank for a super strong turning platform
