Additional information

An attractive Beehive knob with a rich and dark ebonised finish. Each set comes complete with detachable roses in a stylish polished nickel and matching fixing screws.

Our Beehive knobs come unsprung and would therefore need to be used with a heavy duty lock/latch mechanism.

For best results the centre of the knob should be a minimum of 3" from the edge of the door. Heavy Duty latches of 4" or 5" are recommended for maximum efficiency.

The GRUB SCREW should locate on the "V" in the shaft and not on the threaded part.
