Letterplate Thickness: 5mm

Additional information

Our traditional letterplates & covers are an attractive option for numerous door types. For more traditional doors we have a separate system where the letterplate is fitted to the external side of the door and a letterplate cover is fitted to the internal side to reduce drafts.

Our external beeswax is unique to "From the Anvil" and is manufactured from an anti-corrosive beeswax which is salt tested to 480 hours. It has a matt richness and similarly to our standard beeswax the depth of colour ranges from blue to deep red ochre.

Designed to match our other external beeswax front door furniture to create a feature entrance door.

Maximum door thickness: 74mm.

Supplied with matching 80mm threaded bolts with dome headed caps.
