

Alukap-SS Complete Post & bracket Kit* =

Aluminium Eavesbeam Posts

The Alukap®-SS Posts are an ideal support for the Alukap®-SS Eaves Beam at the Gutter end of almost any roof glazing structure. The Alukap®-SS Posts come with aluminium fixing brackets to secure the posts to the Alukap®-SS Eaves Beam and also to fixing the bottom of the posts to the concrete or other solid floor structure.

Our standard Alukap®-SS White RAL 9010 and Brown RAL 8040 are manufactured for immediate despatch, and any RAL colour can be manufactured to order, suiting any colour scheme required.
