

Corrapol PVC Sheet=PVC DIY Grade Sheet

CORRAPOL®-PVC DIY Grade Sheets

Whilst not as strong or as long lasting as the CORRAPOL® Stormproof range, CORRAPOL® PVC DIY Grade Sheets offer a lower cost and are ideal for areas where impact resistance is not important and also where direct sunlight is limited. In areas like this, the CORRAPOL® PVC DIY Grade range provides an excellent solution and will provide an excellent waterproof solution with good light transmission.
