

Diamond / side cut scraper 825 825H

For use on square bottomed boxes.

The end profile allows the tool to create a right angled juncture between side wall and bottom. The 85° angle at the end prevents the tool from cutting the side wall and the bottom at the same time.

It is a 3/4" (19mm) scraper and the overall length of the handled version is 18 1/2" of which 10"

*** By purchasing this product, you are confirming that you are AGED 18 or over and that the person receiving the delivery is also over 18. Please note that we do occasionally ask for proof of age. ***
