

Micro shallow U-gouge set - MT400 BRI_102644

Flexcut Micro Tools make the job of carving those extra fine details far easier, letting your woodcarving come alive. This set features four micro shallow U-gouges. It comprises MT23 1.5mm, MT24 2mm, MT25 3mm and MT26 4mm. These shallow U-gouges give you exceptional control when carving fine details such as mouths and eyes or adding texture such as hair, fur and feathers. The well-shaped ash handles fit perfectly in the hand, overall length: 142mm. Made in USA.
