Additional information

The reeded set is part of the period range of sprung lever handles. A classic regency lever with a stylish reeded end that will suit both traditional and contemporary settings.

Our weighty reeded lever handle range is forged from solid bronze which emphasises the high quality materials and manufacturing techniques used. A perfect design choice to use throughout your property with many other matching products available.

This finish is manufactured from solid unlacquered bronze containing a minimum of 85% copper. Our Polished Bronze finish is matt and rich due to the finishing process we use to age the metal, this process initially darkens the material, however the finish will gradually oxidize over time revealing the warmer copper undertones. This finish has been salt tested to 480 hours.

This handle has a strong spring incorporated into the stylish boss design to give both functionality & elegance.

Lever handle for internal and external doors where locking is required.

Set includes 2 lever euro handles.

Can be used with an euro sash lock in conjunction with a euro cylinder.

Supplied with matching SS wood screws.
