Product information

Knob Size: 50mm Dia.
Projection: 64mm
Rose Size: 50mm
Spindle Size: 8mm (threaded)

Additional information

A solid pair of handcrafted door knobs, popular for their weight and simplicity. The solid bronze achieves a timeless elegance.

Manufactured from unpolished solid bronze. Overtime and through use the solid bronze will slowly lighten in colour resulting in a beautiful subtle patine look.

Our knobs come unsprung, are hollow and have loose roses to enable them to be used with a rim lock (discard one rose) or use with a mortice lock - For more information see our guide to locks & latches here.

They have 8mm threaded spindle to take adjustment for various door thickness and lock firmly with a grub screw. The grub screw should locate on the 'V' in the shaft and not on the threaded part.

For best results the center of the knob should be a minimum of 3" from the edge of the door. Heavy Duty latches of 4" or 5" are recommended for maximum efficiency.

Supplied with necessary fixing screws.

Suitable for use internally or externally. Maintenance instructions must be followed to preserve the finish of your product.

Finished in Aged Bronze -
