

## Professional deep hole pen and pencil set - AMK2

The perfect choice for professionals and DIY enthusiasts alike – the 'Complete Marker Kit' includes the full ACER range offering a complete marking solution in a great value pack. Both the marking pencil and pen have deep-hole capability and with the unique 120mm retractable, interchangeable leads of the pencil and double tipped thin/thick nib of the pen, the pack offers incredible versatility for all marking requirements. The 6 Lead Pack includes yellow leads for marking darker surfaces, making the pencil even more versatile. Whether you are a plumber, electrician, handyman, tiler, roofer, kitchen fitter, bathroom fitter, carpet fitter, carpenter, joiner, cabinet maker... the ACER Marker Pen and Pencil is the ultimate tradesman's mark!
