Additional information

The pear drop stays are simple in design but look very stylish on a painted or natural wood window. Not recommended for use in damp rooms or bathrooms but can be used if regular maintenance (waxing) is kept up. This stay is forged on the anvil to a beautiful delicate shape not achievable by mass production ie casting. The Pear Drop Stays can be matched up with the Pear Drop Fastener to create a uniform look.

They are available in three sizes.

Supplied with necessary fixing screws.
