

# Anvil Avon Locking Espag Fastner Beeswax

## Product information

Overall Length: 158mm  
Handle Length 132mm  
Fixing Plate Size: 68mm x 16mm x 6mm  
Centres: 43mm

## Additional information

Our avon espagnolette fasteners suit both contemporary or traditional settings, offering all the benefits of a modern and secure configuration. Handforged from mild steel which enhances all hammer blows and fine detail during the making of this product.

Our beeswax finish is the most authentic finish for steel. When forging has finished the colours left in the steel range from blue to deep red ochre.

Designed to fit any type of window, including uPVC and timber due to its slim fixing plate. Can be matched with the avon stays and door handles in the range.

The handle is cranked forwards to ensure this protrudes far enough from the window for ease of use.

The product is reversible so will work on both left and right handed windows

They have a 7mm<sup>2</sup> x 40mm spindle and can be locked by way of a grub screw.

Can be used with an espagnolette gearbox & window lock
