

# Kirkpatrick 3258 Gate Latch

The Kirkpatrick 3258 rustic latch is extremely durable for gate use, but is also great as a decorative addition to your gate. This gate latch is available in Kirkpatrick's iconic black coating, or manufactured in a more durable galvanised finish.

Malleable iron is used as this is the toughest, most durable material available for a traditional product like this. A coat of black paint and then a second coat of black powder ensure that this product, like Kirkpatrick's other door and window furniture, will remain highly decorative and functional for many years to come.
