

Kirkpatrick T541 Rawnsley Letter Plate

The Rawnsley Letter Plate T541 is a multi-functional postal door knocker, based on a timeless and elegant design.

The Rawnsley range is inspired by patterns found in early Kirkpatrick catalogues and ornate patterns rescued from a foundry on Cannock Chase in the 1980's.

To add a 21st century flair, the designs were altered to fit with modern taste, whilst still keeping many of the charming original qualities.

The embossed letters create a touch of elegance and glamour. This solid product is of the highest quality and is guaranteed to create a show stopping design to any door.
