

County 120L galvanised pan builders barrow wheelbarrow, also spa

Chillington's COUNTY barrow comes with a big 120 Ltr Galvanised steel tray, ideal for the outdoors. The tray is thicker than on lighter duty barrows, and deeper, keeping it narrow enough to fit along paths and passageways.

Equipped with a robust black frame with a one piece tubular design, front tray supports that add strength to the overall chassis and Chillington's "everlasting" grips.
