

# Duneema PU Cut Level 3 Gloves

Polyurethane palm coated gloves, which are machine knitted from a blend of Dyneema and nylon fibres with an integral elasticated wrist. Perfect for those medium risk areas where dexterity is paramount offering excellent resistance to cut abrasion and tear whilst the open back allows the hand to remain cool.

- CE Score 4.3.4.3
- Conforms to EN388 Mechanical Hazards:
  - 4 - Abrasion
  - 3 - Cut Resistance
  - 4 - Tear Resistance
  - 3 - Puncture Resistance
