

Continental Style Gouge - 839

A preferred tool pattern among European turners, these tools have gained an impressive reputation for their superb handling properties on spindle work.

These tools are of forged construction and so have an even wall thickness, thereby increasing finesse without compromising strength.

The 8, 12 and 19mm are all fitted with 10" handles. The 8 and 12mm are 15 1/2" overall the 19mm is 16".

The 25, 30 and 35mm are all fitted with 12" handles and measure 18 1/2" total length.
