

Trend H/Jig/A Two part Hinge Jig

A two-part aluminium hinge jig portable template set designed for recessing hinges in wooden doors & frames.

It is easy to use with minimal setting-up time, completing the job both accurately & quickly.

Used on-site & in joinery shops to increase productivity with excellent results.

Four apertures for fire door requirements.

No need for marking out in the conventional way.

Quick & simple to set-up as the hinge is used as the pattern.

Clean & accurate recesses are achieved every time. Suitable for timber based doors & square butt hinges.

Use with a light duty router with 1/4 inch collet.

Long reach router cutter required, 12mm diameter with 70mm overall length.

Angled position slots to prevent creep.

Unibase may be needed.

Patent No. GB2285410.

T4EK router requires a ref. UNIBASE or special guide bush ref. GB/T4/160.
