

Festool CTL MINI dust extractor

Approved for dust category L
 Very compact and lightweight
 Antistatic function prevents static developing during work
 Practical store for hose and mains cable
 Attachment of Systainers via Sys-Dock
 Storage compartment for replacement filter bag
 Economical, thanks to optimal utilisation of the filter bag in the container

Main applications

- For dust with MAC values > 1 mg/m³
- Ideal for assembly work
- Integral automatic electronic switch-on/shut-off for extraction from electric power tools
- Best suited to smaller sanding, routing, sawing and drilling tasks
- Suitable for both wet and dry extraction
- Ideal for final clean-up

Supplied with:

- fitted filter bag
- spare filter bag in the storage compartment
- suction hose Ø 27 x 3.5 m-AS with angle rotating adapter on the extractor side
- in a carton
