

Hooker bar

Instead of the traditional "Shepherd's Crook" rocker head, the HookBar has a reversed hook that increases leverage of the and has 180° travel capacity. Made from drop forged, spring tempered steel for heavy duty use, the HookBar features sharp, tapered blades for easy insertion and three beveled nail slots that make every nail easy to reach and pull. The Hook Bar is 100% Made in the U.S.A.
