

Curved scraper 828

With a curved end profile this scraper is excellent for creating, smoothing and blending curved surfaces in bowl and spindle work, eg round bottomed boxes.

This new tool is able to take an aggressive cut, whilst retaining the butterfly sensitivity for the refining cuts.

*** By purchasing this product, you are confirming that you are AGED 18 or over and that the person receiving the delivery is also over 18. Please note that we do occasionally ask for proof of age. ***
