

# Sika Plastix-22A Premium Grade Silicone Sealant

Sika® Plastix-22A is a premium grade, low modulus, neutral curing silicone sealant ideal for glazing and roofline applications, along with other construction and industrial applications. Low dirt pick up and the added benefit of an anti-mould ingredient makes this product perfect for use with PVCu and plastics. It has excellent adhesion to all common substrates, excellent flexibility and great weatherproofing properties. Available in 7 of the most popular colours for facade and roofline applications, this truly is a premium product that will be loved by Installers.

Sika® PLASTIX-22A is a premium grade low modulus, neutral curing silicone sealant suitable for many construction and industrial applications but particularly suited for all glazing, façade and roofline applications. Certified to: EN15651-1 type F EXT-INT-CC, Class 25LM, EN15651-2 type G-CC, Class G25LM, EN15651-3 type S, Class XS1

## Benefits

Excellent primerless adhesion to all common building substrates, porous and non-porous.

Internal and External use.

Fast curing.

Solvent free.

Virtually odourless.

Low dirt pick up.

Excellent break off and tooling.

Excellent flexibility +/- 25%.

Waterproof.

Weather resistant.

UV resistant.

Chemical resistant.

Service temperature resistance (-50oC to +150oC)

Suitable for use with glass, lead, polycarbonate, and acrylic sheets.

Certified for façade, glazing, cold climate and sanitary applications under EN15651.

## Areas for Use

Perimeter pointing around uPVC, wood, aluminium and all other types of window and door frames.

Expansion joint sealing.

Weather sealing and joint sealing of aluminium glazing systems, curtain walling and pre-formed façade panels.

General glazing sealing and draught proofing including repair work over existing sealant.

Parapet and roofline weather sealing.

Sanitary sealing.

Glass to glass and glass to aluminium sealing.

Sealing soft metals such as lead, brass, copper and zinc.

Industrial sealing applications, coated metals, anodized aluminium and stainless steel.

General maintenance sealing of cars, caravans, mobile homes and boats.

## Price

Anthracite - single tube 300ml (Product reference 4551-9996)	£4.49
