

# Sherborne - Latch Lever - Polished Nickle

The Sherborne door handle on back-plate has a very traditional design, the arched shape on the backplate is very popular and the lever curves upwards making it comfortable and easy to grip during use. It is also available in a variety of finishes; polished brass, polished nickel or satin nickel so it will suit most interiors.

This door handle on backplate is part of the designer Jedo range from Frelan Hardware. This collection of lever handles on backplate is manufactured using zinc or brass with a variety of finishes in a selection of classic or stunning modern designs.
