

Defender 1.0 METAL Flexible high integrity split load Dual RCD consumer

Designed to be fully compliant with the Wiring Regulations BS7671 including Amendment 3 requirement for non-combustible enclosure.

- * Up to 22 module board as standard. Combine boards to increase number of outgoing ways
- * Maximum cable space and extensive number of cable entry points for easy installation.
- * London Underground approved low smoke and fume paint on enclosure
- * Comprehensive user instructions and high quality sub circuit identification labels
- * Degree of protection IP4X
- * Tested in accordance to BS EN 61439-3
- * Optional surge protection available
- * Flexible board configuration to enable optimal combination of RCD, MCB and RCBO use
- * Pre-Populated configurations are available
- * Secure hinge design

Locking kits available

Please note that the unit is supplied WITHOUT a lock, although there is a cut out to fit one. A blanking plug is supplied as standard. If a locking kit is required it must be purchased separately.
