

W4248-PB Heritage Brass Door Handle Buckingham Pol/Brass=

HERITAGE BRASS BUCKINGHAM DOOR HANDLE W4200

A classically designed door handle on backplate that has a curved shape and a slightly curved lever handle for comfortable grip. This design is available in five high quality finishes; antique brass, polished brass, bright polished chrome or the Mercury finish of satin nickel with a polished nickel edge and the Jupiter finish of satin nickel with a gold plated edge is also available. The design and variety of modern and classic finishes makes this a very versatile door handle, perfect for a range of contemporary and classically designed interiors.

Part of the Heritage Brass range of door handles on backplate, from M. Marcus Limited who became established in 1940 at 'Ironmongers Row' East London.

The lever latch version has a flat plate for doors that don't require any locking, fit with a tubular latch to operate.

The standard profile suits a door fitted with a sashlock and allows access using a key.

The euro profile suits a door with a euro cylinder sash-lock fitted.

The bathroom version comes with a turn & release which when fitted with a bathroom lock will lock the door without the need for a key.

Supplied in PAIRS complete with fixings.

Note - Please allow upto 4 weeks for Euro Profile Lock Handles
