

Centre Door Knob - 70mm - Satin stainless steel

This particular knob has a lovely rounded feel to it, and sits against a gently ridged rose, and the brushed effect of the satin stainless steel gives it an extra bit of interest too.

The rose measures 86mm in diameter, whilst the knob measures 70mm in diameter. The complete unit stands 70mm high from the face of the door once installed

To be bolted through the door, will not work with a lock or latch
