

Mortice knob set - Cylindrical - Brass/Silver

We have an exclusive range of SWAROVSKI ELEMENTS Crystal Door Knobs. This piece comes in a modern Cylindrical design, with delicate crystalised Swarovski elements that reflect light and illuminates your room adding a dazzling glow against the mirror bright, polished finish.

Part of a new range of Frelan Crystal Door Knobs made exclusively with Crystallized Swarovski Elements with a striking cylinder design that makes the Knob look extremely contemporary and adds a high quality, beautiful touch of glamour to these European manufactured door knobs.

Daniel Swarovski founded his company having been taught the skillful art of glass-cutting by his father, in 19th century Bohemia. The crystal-cutting operation moved to Austria and has become a world leader in crystal glass sculptures, couture, and adornments for your home.

We recommend fitting with an architectural quality double sprung latch.

Supplied in PAIRS complete with spindle and fixings.
