

## Door Knocker - Sloane square plate - Polished brass

Sloane scroll door knocker is part of our range of front door furniture from Frelan Hardware's latest JEDO collection. Matching letterplates and bell pushes are also available in the 'Sloane' design for a fully coordinated look on your doors.

This scroll door knocker is particularly well suited to paneled doors, where a wider knocker would not fit neatly between the panels. Made to a traditional scroll design, this door knocker is available in polished brass, polished chrome or satin chrome finishes, making it well suited to old or new properties.

Supplied in SINGLES complete with fixings.
