

Auger bit with SDS Shank 6 to 25mm

With the Lewis universal auger drill bit, Heller has the ideal solution available for drilling through beams and rafters. The self-sinking thread tip enables precise drilling and, thanks to the sharp cutting edges, guarantees high drilling performance. The pre- and main cutter are hardened so that users can expect a long service life. Another advantage: The Lewis helix offers proven fast chip removal. The Lewis universal auger drill bit is available with a SDS-plus shank.

Price

Auger bit,SDS shank 16x235mm (Product reference 693-3729)	£7.85
Auger bit,SDS shank 12x235mm (Product reference 693-3730)	£7.85
Auger bit,SDS shank 10x235mm (Product reference 693-3731)	£7.35
Auger bit,SDS shank 8x200mm (Product reference 693-3732)	£7.02
Auger bit,SDS shank 22x235mm (Product reference 693-3733)	£10.33
Auger bit,SDS shank 20x235mm (Product reference 693-3734)	£9.62
Auger bit,SDS shank 25x235mm (Product reference 693-3735)	£12.89
Auger bit,SDS shank 6x200mm (Product reference 693-3738)	£6.92
