

# ANVIL 33233 Black 36" Barn Door T Hinge (pair)=

Black 36" Barn Door T Hinge (pair)

Product information

Overall Size: 36" x 12" (914mm x 305mm)

Fixing Plate: 2" x 12" (305mm x 51mm)

Hinge Arm: 33" (838mm)

Additional information

These T Hinges have a 'Gothic shaped' pointed end and is a perfect option for hanging large garage or barn doors.

Allows the door to be fitted in line with the surface of the frame.

They are hot forged i.e. drawn to shape, not welded or fabricated and with the knuckle being fashioned in the traditional way it makes for a very strong product.

The traditional way of choosing a hinge size means it should reach two thirds of the way across the door but providing it reaches at least half way across it should carry the weight of most doors with no problems. For especially heavy doors a third hinge can be used (three on one door).

Sold as a set and supplied with necessary fixing screws.

Suitable for internal or external use but maintenance instructions must be followed to preserve the finish of your product.

Finished in Black
