Additional information

Our mushroom mortice/rim knob sets are a versatile option for both contemporary and traditional doors, their smooth exterior fits any setting.

Our mushroom knob set is forged from solid bronze which emphasises the high quality materials and manufacturing techniques used. A perfect design choice to use throughout your property with many other matching products available.

This finish is manufactured from solid unlacquered bronze containing a minimum of 85% copper. Our aged bronze finish is matt and rich due to the finishing process we use to age the metal, this process initially darkens the material, however the finish will gradually oxidize over time revealing the warmer copper undertones. This finish has been salt tested to 480 hours.

Designed to match our mushroom cabinet knobs to create a uniform feeling throughout your home.

Can be used with a multitude of heavy duty locks, latches & thumbturns for various uses within the home.

The strength of the spring found in a heavy-duty lock/latch will ensure the knob returns to it's original position.

We recommend using a 3", 4" or 5" latch/lock.

Supplied with matching wood screws.
