

Pewter Regency Escutcheon=

Pewter Regency Escutcheon 45123

Product information

Diameter: 45mm

Thickness: 3mm

Additional information

Our vast range of escutcheons are designed as a finishing touch for all locking doors and are used to decorate key holes.

Our pewter finish is elegant and beautifully highlights the texture of the steel. The unique and complex process runs deep into the metal resulting in an unmatched contrast of texture and colour.

Our escutcheons complement all of our mortice knob and lever on rose designs.

This escutcheon uses a standard key hole so can be used with a multitude of locks.

Supplied with matching wood screws
