

Natural Smooth Beehive Escutcheon 90038=

Natural Smooth Beehive Escutcheon

Product information

Overall Size: 58mm x 25mm

Thickness: 3mm

Cover Thickness: 10mm

Additional information

Our vast range of escutcheons are designed as a finishing touch for all locking doors and are used to decorate key holes.

Our natural smooth finish has a beautifully smooth look and feel with subtle highlights from the base metal.

Our escutcheons complement our flower mortice knob.

This escutcheon uses a standard key hole so can be used with a multitude of locks.

Supplied with matching wood screws.
