Additional information

Our traditional letterplates & covers are an attractive option for numerous door types. For more traditional doors we have a separate system where the letterplate is fitted to the external side of the door and a letterplate cover is fitted to the internal side to reduce drafts.

The unlacquered brass achieves a timeless elegance, highly polished on all surface areas but aged to highlight the detail and design. This will tarnish in time as part of the ageing process but can be polished time and time again if a natural sheen is desired.

Designed to match our other aged brass front door furniture to create a feature entrance door.

Supplied with matching wood screws.
